

Georges River ArtsLife CONCESSION APPLICATION

Concessions for ArtsLife programs are made available for families that are facing significant disadvantage. Concessions are provided to maximize the number of children that can access these programs therefore:

- Concessions will be allocated on first-in basis for those meeting the criteria.
- Concessions will only be provided for one program for each child.
- Concession approval is not a guarantee of indefinite access to subsidy.
- Concession applications will be reassessed each term and will be subject to review.
- Demand for concessions, attendance and behaviour of subsidised participants at sessions will be considered as part of the review process.
- Families will be notified if a concession can or cannot be offered for subsequent terms. Concessions will need to be re-applied for each term.
- Parents have a responsibility to inform us immediately if their financial situation changes.

Parent/Guardian Name _____

Parent/Guardian email _____
