

Please join us in praying for the people of Turkiye and Syria

Pray that:

- Rescue efforts across Turkiye and Syria would save lives, and for an end to the rising death toll
- Health systems would be able to treat those who are injured and traumatised
- Refugees in Syria would be comforted after facing another hardship amongst many
- Long-term response and recovery efforts would help people rebuild
- Families without homes would be able to meet their needs in the harsh winter
- The rescue teams will find rest and peace in the gruelling and sometimes terrify work they're doing
