

Dear Food Supplier,

We are reaching out on behalf of Georges River Life Care, a not-for-profit organisation serving our local community with compassion and dignity for over 18 years. Our mission is to support individuals and families experiencing hardship through practical, person-centered services—and rescued food plays a vital role in this work.

Each week, through our Community Relief Program, we provide food hampers to households doing it tough across South-West Sydney. In 2024 alone, we distributed nearly 5,000 hampers. These hampers include a range of essential items such as fresh fruit and vegetables, pantry staples, bread, dairy, meat and ready-made meals—made possible by partnerships with generous local food suppliers.

We would love to invite you to join us in this important work by donating excess or surplus food that would otherwise go to landfill. Our team is trained in safe food handling and collection practices, and we operate in full compliance with food safety standards. We can arrange regular pick-ups and are happy to work with your team to make the donation process smooth and simple.

What we're looking for:

- * Surplus or short-dated food that is still safe and suitable for consumption
- * Fresh produce, bread, dairy, packaged goods, frozen meals, and ready-to-eat items
- * Donations that align with safe food handling guidelines

What we provide:

- * A reliable partnership with a trusted charity organisation
- * Promotion of your business's support (where appropriate)

By donating to Life Care, you are not only reducing food waste—you are directly helping families facing financial crisis, domestic violence, and housing insecurity.

If you're interested in supporting our work or would like more information, please don't hesitate to reach out. We'd be happy to meet with you or provide a tour of our services.

Thank you for considering partnering with us to make a lasting impact.

Warm regards,

Karen Power

CEO

Georges River Life Care
